BRETFORD®

SPEC SHEET

PowerSync Station® 20

For iPad

Store, charge, and sync up to 20 iPad or iPhone devices with the ready-to-go PowerSync Station®. Optimized for Apple with pre-wired Lightning cables and connection for Mac for bulk device syncing.

OPTIMIZED FOR APPLE

Pre-wired with custom Lightning cables that are optimal length for each slot with right-angled connector that makes it easy to connect devices. With extra cable to connect to Mac.

READY TO USE

The PowerSync Station® comes fully assembled, pre-wired and ready to load.

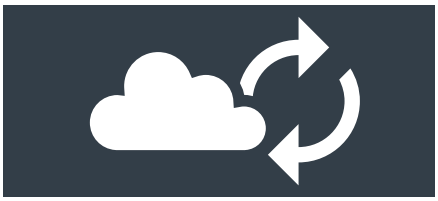
MINIMAL FOOTPRINT

Space is no issue. The compact footprint is perfect for tables or countertops and can be wall-mounted to save space.

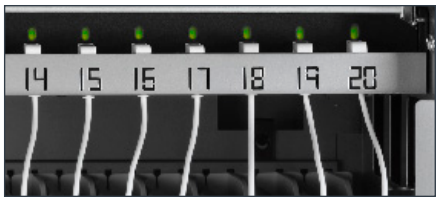
BUILT TO LAST

Each unit is fully welded. Designed and built in the USA.

OPTIMIZED FOR iOS AND iPadOS DEVICES



CONFIGURE & SYNC | The only Apple integrated station with Apple Configurator to manage device-specific charging and syncing.



STATUS ON DEMAND | LED lights positioned over each device let users know when devices are fully charged and ready for use.

SMALL FOOTPRINT | For deployment where counterspace is limited, stations can be wall mounted to save vaulable space.

POCKET DOOR | Neatly tucks away securing open space to load and unload devices.

SECURITY | 3-point locking system with programmable combination lock.

FULL TIME, FULL RATE | Provides simultaneous, maximum charging (up to 2.4A) to each device even while connected to and syncing via your Mac.
