BRETFORD®

PowerSync Cart® 20 & 40

For iPad

Store, charge, and sync iPad or iPhone devices with the ready-to-go PowerSync Cart®. Optimized for Apple with pre-wired Lightning cables and connection for Mac to optimize bulk device syncing.

OPTIMIZED FOR APPLE

Pre-wired with custom Lightning USB cables that are optimal length for each slot with right-angled connector that makes it easy to connect devices. With extra cable to connect to Mac.

READY TO USE

The PowerSync Cart® comes fully assembled, pre-wired and ready to load.

HIGH CAPACITY

Designed to optimize space with two size configurations. Store and charge up to 20 devices allowing for extra storage space at the bottom of the cart or maximize the space and fill it with 40 devices.
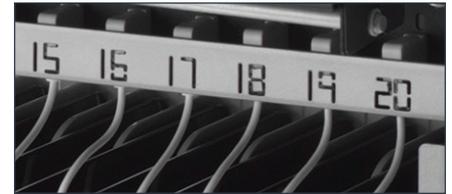

BUILT TO LAST

Each unit is fully welded. Designed and built in the USA.

OPTIMIZED FOR iOS AND iPadOS DEVICES

CONFIGURE & SYNC | The only Apple integrated cart with Apple Configurator to manage device-specific charging and syncing.

FULL TIME, FULL RATE | Provides simultaneous, maximum charging (up to 2.4A) to each device even while connected to and syncing via your Mac.

STATUS ON DEMAND | LED lights positioned over each device let users know when devices are fully charged and ready for use.

ERGONOMIC DESIGN | Features built in handles on both sides of cart and rubberized table-top surface for extra space. Includes accessory tote.

SECURITY | 3-point locking system with programmable combination lock.

INDUSTRIAL GRADE | 5 in. wheels with both brake and directional locking casters for maximum maneuverability.
