

PowerSync Pro[®] GEN. 2

SMART HUB

SIMPLE, SECURE DEVICE CHECK OUT AND ASSET MANAGEMENT

Charge, assign, and manage a shared pool of tablets and smart phone devices.

For facilities looking to manage a pool of tablets and smart phone devices, the PowerSync Pro[®] Smart Hub provides a best-in-class hardware experience, simplifying the use of these devices. When combined with Imprivata Mobile Asset Management software, organizations can deliver a superior end user experience by quickly assigning devices with a secure badge-tap, access real-time visibility into device status, and supporting asset management from the cloud to lower costs and improve workflow efficiency.

PowerSync Pro[®] Smart Hub Shown in Platinum (PM)

DEVICE ASSIGNMENT IN SECONDS

The partnership of the PowerSync Pro[®] Smart Hub and the powerful access management software provide IT departments the ability to simplify device check out and save critical time.

SLEEK DESIGN, SMALL FOOTPRINT

Base offers a dedicated compartment to store host computer and wiring to minimize footprint.

FULL-TIME, FULL-RATE CHARGING

The Smart Hub reliably maintains a 2.4A charging rate, even while connected to a host Mac for syncing. It also offers a charging rate of up to 1.5A with a Windows host.

BUILT TO LAST

Designed and built in the USA.

OPTIMIZED FOR iOS, iPadOS & ANDROID DEVICES

INTUITIVE INTERFACE | The ViewStation™ features a high-quality display and badge reader for quick, easy access to mobile tools, delivering a best-in-class experience with clear check-out and return instructions.

STATUS ON-DEMAND | Full RGB color LEDs located next to each port provide visual indication of pairing, provisioning, charging, and workflow status to prevent unintentional disconnecting of devices.

EASY CONNECTION | Provides multiple ports for easy and fast data transfer and charging.
