

# MOBILEPRO™

## Mobile Workstation

The Bretford MobilePro™ cordless mobile workstation is specifically built for the rugged, always-on, go-anywhere demands of high performance commercial and professional environments. With an innovative ecosystem of configurations, options and customizations, MobilePro enhances workforce agility and assists with supporting technology wherever your teams need it.

*MobilePro™ Mobile Workstation shown in Storm Blue (SB)*

### CORDLESS POWER

Your technology and your people need to be mobile and agile. MobilePro workstations feature cordless battery power to assist wherever your operations happen.

### RUGGED MOBILITY

Dust. Moisture. Bumps in the road. The MobilePro is built with 8" casters to withstand the toughest conditions so you can stay on task and increase productivity.

### BUILT TO LAST

Every MobilePro is fully welded, ships assembled, and is backed by unmatched durability – a 7-year warranty on the cart and a 3-year, 2,000 cycle warranty on the battery system.

### CUSTOMIZATION

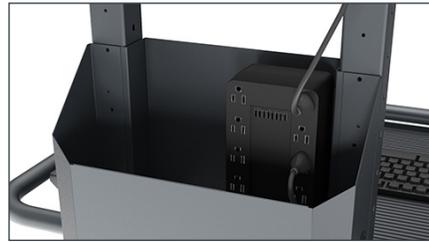

Choose from a variety of options, colors, and unique fabrication requirements to create the right solution for your operations.

**YOUR PRODUCT. YOUR IDENTITY.**

Choose from one of our 16 colors and personalize by branding with your own logo.

**HOT SWAP BATTERY** | 8+ hours on a single charge and hot swappable for 24/7 cordless reliability with zero downtime.

**ON-BOARD POWER** | 8 courtesy outlets to power monitors, laptops, printers and other technology anywhere, anytime.

**SPACIOUS AND SECURE WORKSPACE** 360° ergonomic handle and a VESA monitor mount, supports up to 34" displays.

**CABLE MANAGEMENT** | Bretford designed the MobilePro with durable channels and bins to keep cords out of sight and secured.

**ALL-TERRAIN WHEELS** | Redefining mobility with 8 inch sport casters. All 4 lock, and 2 directionally lock making it easy to move over any surface.

**QUALITY CONSTRUCTION** | 2 inch square steel tube frame - laser cut, robotically welded, powder coated, and built to accessorize for your technology and withstand rigorous use.
