

PowerSync Pro™ GEN. 2

SMART DOCKS

ZERO-TOUCH MOBILE DEVICE PROVISIONING

Charge, provision, and manage a shared pool of Zebra Scanners.

For organizations looking to manage Zebra TC52 devices, the PowerSync Pro™ Smart Dock provides a best-in-class hardware experience, simplifying the management of these devices. When combined with Mobile Asset Management (MAM), formerly GroundControl®, organizations can gain control of their devices by automating device provisioning, lowering support costs, and improving workflow efficiency.

PowerSync Pro™ Smart Docks shown in Arctic White (AC)

ZERO-TOUCH I.T.

The partnership of the PowerSync Pro™ Smart Dock and the powerful provisioning software provide I.T. Departments the ability to simplify management of devices and save critical time.

SELF-CONTAINED PROVISIONING

Secure dedicated compartment under the dock for securing the Mac mini* (2018) to run MAM, formerly GroundControl Launchpad.

GROWTH IN MIND

The PowerSync Pro™ Smart Dock is designed to grow with your organization. Daisy-chain and provision up to three hubs or 40 devices with one Mac mini.

BUILT TO LAST

Designed and built in the USA.

OPTIMIZED FOR ZEBRA TC52 DEVICES

FULL-TIME, FULL-RATE CHARGING
Our charging station reliably maintains a 1.5A charging rate, even while connected to a host Mac mini for syncing.

STATUS ON-DEMAND | LED lights located next to each device show charging status and let you know when the device is ready for use.

EASY DOCKING | Save time with cord free docking slots that ensure a reliable connection everytime.
