

PowerSync Pro™ GEN. 2

SMART DOCK

SIMPLE, SECURE DEVICE CHECK OUT AND ASSET MANAGEMENT

Charge, assign, and manage a shared pool of Zebra mobile computers.

For organizations looking to use Zebra TC52 devices, the PowerSync Pro™ Smart Dock provides a best-in class hardware experience, simplifying the use of these devices. When combined with Imprivata Mobile Access Management software, organizations can deliver a superior end user experience by quickly assigning devices with a secure badge-tap, access real-time visibility into device status, and supporting asset management from the cloud to lower costs and improve workflow efficiency.

PowerSync Pro™ Smart Dock shown in Platinum (PM)

DEVICE ASSIGNMENT IN SECONDS

The partnership of the PowerSync Pro™ Smart Dock and the powerful access management software provide IT departments the ability to simplify device check out and save critical time.

FULL-TIME, FULL-RATE CHARGING

Our charging station reliably maintains a 1.5A charging rate, even while connected to a host Mac for syncing.

SLEEK DESIGN, SMALL FOOTPRINT

Base offers a dedicated compartment to store host computer and wiring to minimize footprint.

BUILT TO LAST

Designed and built in the USA.

OPTIMIZED FOR ZEBRA TC52 DEVICES

INTUITIVE INTERFACE | The ViewStation™ features a high-quality display and badge reader for quick, easy access to mobile tools, delivering a best-in-class experience with clear check-out and return instructions.

STATUS ON-DEMAND | LED lights located next to each device show charging status and let you know when the device is ready for use.

EASY DOCKING | Save time with cord free docking slots that ensure a reliable connection every time.
